HEADING: COMMUNITY CONSTITUENCY COVID-19 FRONT (CCCF) FACILITATE AN OPPORTUNITY TO NON PROFIT ORGANISATON (NPOs) TO USE OF TECHNOLOGY FOR SUSTAINABILITY

Community Constituency Covid-19 Front (CCCF) has facilitated an offer for any registered NPO to apply for Microsoft Philanthropies South Africa’s offer of free Microsoft 365 Business Premium and other technology services during the Covid19 pandemic. Technology is critical for the lifeblood of NPO services rendered by employees and volunteers to be connected seamlessly in driving social mobilisation, advocacy, human rights, GBV, public awareness and contact tracing, screening and testing issues on the ground to advance the work of the Community Constituency Covid-19 Front Nerve Centre.

Benefits of the free Microsoft 365 Business Premium for NPOs:

1. Complete stack of cloud solutions, including Azure, Microsoft 365, Office 365, Power BI, Dynamics 365, and Enterprise Mobility + Security Suite, (and on-premises software) to eligible non-profit organizations at a significantly discounted price or even donation.
2. Large non-profits can buy through an Enterprise Agreement (EA).
3. Mid-size non-profits can purchase through the Cloud Solution. Provider (CSP) licensing model.
4. Small non-profits can now purchase directly through Microsoft

The Community Constituency Covid-19 Front (CCCF) encourages any NPO to apply for this opportunity by visiting <https://techsoupouthafrica.org/>

To be eligible, your NPO must meet the following criteria:

- Organizations must be section 18A public benefit organisations
- Public benefit organisations
- Non-profit organisations (NPOs)
- Non-profit companies (NPCs) operating on a non-profit basis for the public benefit
- Trusts operating on a non-profit basis for the public benefit
